

Model Long Island

Long Island is Liberty Island's younger cousin, without the front balconies. It has all the necessary amenities, including a single garage, expansive living space and abundant windows. These homes were designed to ensure that the indoor environment is spacious enough for day-to-day living. Each unit is 20 ft. wide by 42 ft. deep, with 9-ft. ceilings on the first floor, rare in today's market. This townhouse allows you to purchase a home with your own yard at a more affordable price.
