With an area ranging from 1,402 to 1,451 sq. ft. over two floors, these townhouses are spacious enough to meet all your needs. The choice of two or three bedrooms upstairs gives you the flexibility to customize your living space according to your needs and lifestyle. Natural light floods the rooms through the numerous windows, creating a warm and welcoming atmosphere. The functional kitchen is central to the house and has a large island that serves as an ideal gathering place for family meals and get-togethers with friends. Make the most of the garage space, a must-have for our harsh winters. Whether you use it as a workshop for your recreational projects or as a home gym to stay in shape all year long, this dedicated space can meet a variety of needs.
