GBD Construction

Model
Urbania

A new, more urban model, this cottage provides open layout style and usability, and features a large lab-style kitchen with a central island. You'll also find three spacious bedrooms and a graphically-designed bathroom on the second floor. Consider the option of adding a living room or home theatre above the garage, for an extra 283 sq. ft. of living space.

Two-storey house • Style contemporain

3 rooms • 1 + 1 bathrooms • 2 living rooms

Ground floor	711 ft^2
Second floor	698 ft^2
